The *"Patrol Rifle"* has been adopted by many law enforcement agencies today as their primary long gun for general patrol applications. Advantages of the *Patrol Rifle* include superior ballistic performance, increased effective range, and greater accuracy. Proper training and proficiency measurement with the *Patrol Rifle*, prior to its duty deployment, is essential. This *basic* course is intended to prepare officers to deploy the *Patrol Rifle* in the "general patrol" environment. This is not a *"Precision Rifle"* or *"Special Weapons and Tactics"* course. Students must pass both a written and practical *(qualification)* test to successfully complete this *State Certified* course.
