

PROFESSIONAL LAW ENFORCEMENT TRAINING

Advanced Search & Seizure

This course is designed to go over case law, such as Carroll, Gant, Riley, Terry, Burton, etc. and instruct officers in real world scenarios on how to properly follow case law and try and prevent them from making mistakes, which could lead to dismissal of their cases. Officers will be instructed on the proper techniques of preparing search warrants, to include informant-based warrants, historical warrants, anticipatory warrants, against penal interest warrants, money laundering warrants. Officers will be instructed and shown the consequences of their actions if they falsify information to obtain the search warrant. Overall, the officers will be provided with sound search and seizure techniques, which will aid them in building a solid case supported by the evidence.

TOPICS COVERED

- Understanding the 4th Amendment
- Up-to-date Search & Seizure Court Rulings
- Search Warrant Exceptions
