The course will review the pertinent PREA standards as well as any changes that have occurred since the original training; the training will be individualized to each facility and address specifically any issues or concerns the officers may have as they execute their duties. Gender-specific issues will be addressed if any officers have been recently working with a different gender than they usually have. The agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures.
