Course Description

This training course is designed for the Field Training Officer (FTO). The FTO program for an agency is one of the most important training programs an agency maintains. The lack of a training program, a substandard program, or a poorly run program can cost millions of dollars in civil suits, the loss of good personnel, and the loss of a previously untarnished reputation. A well trained FTO force, in conjunction with a well-run program, will help protect an agency from civil suits originating from within and without the agency.
